Many thanks to all our observers today. Hope you all enjoyed the new sections, there's more to come once we get in there with a chainsaw. We have also been given more land nearby which we couldn't use today but it looks good for the future. Steve Biggins is looking for a sidestand for the 2013 on Beta Evo range, if you can help please call him on 07913923194 or 0191 4422541

Finally our next trial is the Harry Norman Shield on November 15th at Alwinton. With more land available to us thanks to Rob Dyson we are planning on three laps of fifteen sections, assuming we can get enough observers and all classes are welcome up to and including Youth C riders. This should be a cracking event, so please support us for what will be our last event of the year.
